

II. Remarks

Upon receipt of the Notice of Allowability applicants discovered that claim 6 as inadvertently canceled in applicants' amendment filed February 1, 2010.

By the present amendment under 37 CFR §1.312, claim 6 is being added as new claim 19.

Evidence of applicants' unintentional cancellation of claim 6 can be found in the remarks on page 5 of applicants' amendment filed on February 1, 2010 in which applicants stated:

Claims 5, 6 and 13 are pending in this application.

Claims 5, 6 and 13 are not rejected over prior art.

In this regard, on the Office Action Summary sheet and page 8 of the Office Action the Examiner has indicated that claims 5, 6, and 13 are allowed.

Inasmuch as claim 6 was allowed by the Examiner in the Office Action of December 11, 2009, and new claim 19 presented herein is identical to claim 6 as of the date of the Office Action of December 11, 2009, it is submitted that the requirements for this amendment under 37 CFR §1.312 as set forth in MPEP 714.22 are met. That is:

The present amendment is (A) needed for proper disclosure or protection of the invention, and (B) requires no substantial amount of additional work on the part of the Office.

Accordingly the present amendment submitted under 37 CFR §1.312 is believed to be properly enterable.

Entry of the present amendment submitted under 37 CFR §1.312 is respectfully requested.

Respectfully submitted,

Dated: April 12, 2010
